Request for Quotation
Supply and Installation of Trees and Shrubs

The Town of Drayton Valley is issuing this Addendum to update the maintenance and warranty period in Description of Work 2.1.

Request for Quotation 01-2019/01/E

SUPPLY AND INSTALLATION OF TREES AND SHRUBS

2.1 Description of Work

The Town requires supply and installation of trees and shrubs at the Centre for Water Intelligence - Wastewater Treatment (5551 35 Street). Previously landscaped areas adjacent to one of the wastewater treatment cells lagoon) failed to provide an appropriate base for plants to thrive. The existing trees and shrubs are stunted and need to be replaced. A proper growing medium must be provided for the new trees and shrubs. Two years of landscape maintenance and a two year warranty for the trees and shrubs is required. The scope of work includes:

- Mobilize and demobilize all necessary equipment;
- Removal of all existing trees from the side of the berm of the pond;
- Excavate tree pits;
- Haul and place premium grade topsoil (supplied by the Town of Drayton Valley), into tree pits, 6.5 km distance from WWTP;
- Supply and install sixty (60) 75-80mm caliper sized poplar trees;
- Supply and install sixty (60) 2.5-3m sized Colorado spruce trees;
- Supply and install three hundred (300) #5 pot size Caragana shrubs;
- Stake trees;
- Top-dress trees and shrubs; and
- Haul clay from excavated tree pits offsite to a location identified by the Town of Drayton Valley, 8.5 km from WWTP.

Qualified individuals and/or businesses may submit their information to:

Bill Adams, Utility Manager
Town of Drayton Valley
Box 6837, 5120-52nd Street, Drayton Valley, AB T7A 1A1
E-mail: badams@draytonvalley.ca
Facsimile: 780-542-5753

For more information, please call Bill Adams, Utility Manager, at 780-514-2200.
