

50 YEARS | Inspiring new beginnings.
Creating endless possibilities.

FOR IMMEDIATE RELEASE

Drayton Valley and Northern Lakes College Partner to Increase Post-Secondary Access

Drayton Valley, Alberta (November 17, 2020): The Town of Drayton Valley is pleased to announce a new education partnership with Northern Lakes College. With a successful history in delivering relevant, high-quality learning opportunities through its unique Supported Distance Learning model, Northern Lakes College brings 50 years of expertise to support the distance education needs in Drayton Valley and the surrounding area. Starting in January 2021, Northern Lakes College will be offering services to Drayton Valley. Students can study from home or work, or access their courses at the Drayton Valley Clean Energy Technology Centre (CETC).

Northern Lakes College is a natural fit for Drayton Valley as it has a proven education model that caters to the unique education needs and challenges of rural Alberta communities. With 24 locations in rural communities throughout northern Alberta, the addition of this 25th location speaks to the College's ability to effectively meet learning needs in rural communities. Northern Lakes College provides a broad range of programming, including Academic Upgrading, Apprenticeship and Pre-Employment Trades, Business and Administrative Studies, Health Careers, Human Service Careers, Resource Technology and University Studies. Many programs available through Northern Lakes College offer dual credit opportunities, allowing high school students to receive credit for college-level courses while still in high school.

"This is an exciting moment for the advancement of post-secondary education in Drayton Valley," commented Mayor Michael Doerksen. "Increasing accessibility to education, especially in rural communities is more important than ever. During these tough economic times, students experiencing barriers to education, including location, has grown in the last few years. Northern Lakes College coming into Drayton Valley provides a ray of hope to many students and families who are looking to further their education or reskill themselves amid a changing economy. This provides some much-needed hope in Drayton Valley and our surrounding communities."

"Northern Lakes College is thrilled with the opportunity to provide post-secondary programming to the community of Drayton Valley. We are committed to providing accessible and community-based learning opportunities and to finding collaborative ways to support the provincial goal of increased engagement in the post-secondary sector. We thank our Campus Alberta partner,

NorQuest College, for its support of the partnership and for welcoming NLC into its service region,” commented President & CEO, Glenn Mitchell.

Commented NorQuest President & CEO, Carolyn Campbell, “It has been our pleasure to serve the Drayton Valley region, and we are confident that Northern Lakes College is the right partner to continue providing access to high quality education for the community and region.”

Enhancing access to post-secondary education in rural Alberta is a common goal shared by both the Town of Drayton Valley and Northern Lakes College. With accessibility as a cornerstone value, Northern Lakes College provides flexible and quality educational programs and services. NLC’s innovative Supported Distance Learning (SDL) and Supported Distance Teaching (SDT) models include unique online delivery options such as *NLC LIVE Online™* and *NLC Anytime, Anywhere*. SDL provides learners with the flexibility to balance work, home, and education.
