

BIKE INDEX PROGRAM

The Bike Index Program is a non-profit, online bike registry to prove ownership, alert the community that a bike has been stolen, search a found bicycle to identify its owner, and help police return recovered bicycles to their rightful owners as soon as possible!

This index is used by individual bike owners, bike shops, and police services.

HOW DOES IT WORK?

STEP ONE

REGISTER YOUR BIKE

Create an account and register your name, bike manufacturer, serial number, and component information at bikeindex.org/users/new.

STEP TWO

ALERT THE BIKE INDEX COMMUNITY

If your bike goes missing, mark it as lost or stolen and the entire Bike Index community and its partners will be notified.

STEP THREE

THE COMMUNITY RESPONDS

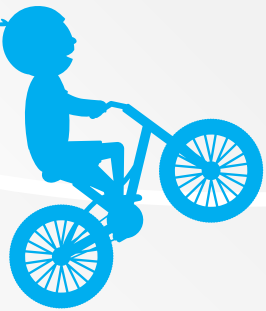

A user or partner organization finds your bike, checks the Bike Index to identify it, and contacts you.

STEP FOUR

YOU GET YOUR BIKE BACK!

With the help of the Bike Index community, you can recover your lost or stolen bike at no cost to you!
