

## The Town of Drayton Valley introduces Zero Fee Tuition in Drayton Valley

February 13, 2019

FOR IMMEDIATE RELEASE: The Town of Drayton Valley is excited to introduce a Zero Fee Tuition pilot program at the Clean Energy Technology Centre (CETC) in Drayton Valley beginning September 2019.

An open house was held on February 12, 2019, at the CETC and attended by approximately 150 individuals. The open house allowed prospective students, parents, teachers and visitors a chance to tour the CETC and learn more about the programs, application process, and meet recruitment specialists. Additionally, a short survey was given to those in attendance. The survey remains active and available on the Town's website if you would like to provide feedback, responses can be sent to [zerofee@draytonvalley.ca](mailto:zerofee@draytonvalley.ca).

The Zero Fee Tuition program is offered by the Town of Drayton Valley in collaboration with NorQuest College. The aim of the Zero Fee concept is to increase post-secondary opportunities for students and provide options for extended studies to mature students and those looking to upgrade or considering a new career path.

For questions regarding NorQuest College programming at the Drayton Valley Campus please contact [info.draytonvalley@norquest.ca](mailto:info.draytonvalley@norquest.ca) – this will link them to Sam
