

For immediate release:

Just a reminder to residents, that as of this past week, March 01, 2019 recycle blue bags will be picked every week instead of every other week. We also wanted to use this opportunity to give the residents an update in regard to changes in our company. E360S acquired Can-Pak in October of 2018 and since then we have made some very exciting changes. Our central office is now located in Red Deer, Alberta, we have added additional residential contracts and services to our surrounding communities, and we have changed some of our processes in order to offer you better service! We are looking forward to working with the community of Drayton Valley and providing you with safe and exceptional service! Please do not hesitate to contact us with any questions!

Contact information for any service issues including missed pickup or questions regarding our routes.
